There are no pictures, figures, diagrams.1 of 1 people found the following review helpful. AwfulBy Donna V.How this book garnered so many positive reviews is beyond me. I was immediately disappointed in the lack of illustrations as I had been hoping to simply flip through the pages until something caught my eye as a new idea. Lacking that option, I was forced to read the underwhelming text, which simply consists of loosely and lamely translated excerpts from the Kama Sutra. Another reviewer referred to this as Kama Sutra Cliff Notes and I find that description 100% accurate. Do NOT pay to read this garbage. I found better ideas for free on the Cosmo website - and they are kind enough to include coherent text AND illustrations.1 of 1 people found the following review helpful.
